Empowering First Nations Economic Prosperity

How We Work With You

Welcome to First Australians Capital (FAC): Partnering for Your Business Success.

At FAC, we are dedicated to supporting your business growth through tailored financial solutions and strategic advisory. Here's how we collaborate with you to achieve your goals while ensuring transparency and mutual understanding:

1. Business Strategic Advisory (BSA)

Our BSA team is dedicated to partnering with you to gain a deep understanding of your business and its unique circumstances. We will gather essential information to offer support tailored to your business needs. This includes an in-depth analysis of your business's financial and strategic information and a clear explanation of how we will use this information to make practical recommendations.

2. Specialist Services

To enhance your business capabilities and expand your network, we offer specialised services, which may include introductions to relevant parties, with your consent, to foster beneficial connections.

3. Storytelling

We value the uniqueness of your business story and may ask for insights to showcase your journey and achievements and ask for your input to effectively communicate your business narrative.

4. Applying for a Loan

Should you require financial assistance, our streamlined process includes:

- Comprehensive due diligence to assess your business's suitability for funding.
- Transparent communication at every stage of the loan application process.
- Support to provide documentation.

5. Lifetime of Our Partnership

Throughout our collaboration, we prioritise transparency and effective communication. We will make periodic requests for information to monitor performance and report to stakeholders, and request updates on your business progress and opportunities for inclusion in case studies and storytelling initiatives. This will include agreement on Key Performance Indicators (KPIs) to measure our mutual success.

Rest assured; we maintain strict confidentiality. Individual business performance data is never shared; it is used solely for aggregated portfolio insights. Our [Privacy Policy](#) is available on our website.

How We Stay Connected

Expect regular updates and proactive communication:

- Your dedicated Business Strategic Advisor (BSA) will serve as your primary point of contact.
- We engage via email and phone, ensuring you have direct access to our team.

We are committed to your success and look forward to partnering with you on your business journey. Should you have any questions or need further clarification, please do not hesitate to reach out to your BSA. Together, we will achieve your business ambitions with confidence.
